Trail Rules & Safety Information

Uphill riders have the right of way. Downhill riders yield to uphill riders.

Wear a helmet.

Carry in, carry out. Leave no trace. Respect wildlife.

Ride only open trails, observe, respect and obey all signage.

Stop at all road crossings, slow down at intersections. Ensure water crossings are safe.

Stay in control at all times. Pass with care.

Share the trail. Yield to pedestrians and other trail users.

Many dirt roads are within working forests. Please watch out for and yield to logging trucks.

Many of our trails are remote, plan ahead, ensure equipment is working properly and you have spare parts and basic tools.

Don't count on cell phones. Please let someone know where you are going and when you plan to be back. Ride in groups if possible.

Always ride with food and plenty of water.

Emergency Information

In the event of a medical emergency, first attempt to use a cell phone to call 911.

If riding in a group of three or more, have at least one person stay with the injured person.

Mark the location of the injured person on a map, and if possible use a GPS to get a coordinate.

DO NOT attempt to move the injured person if a head, neck or back injury is suspected.

Attempt to keep the injured person warm and dry.

Assist the injured person to the nearest road if the injury is not a head, neck or back.

Thank you Landowners

Without the permission of public and private landowners, our trail system would not be possible. We thank you!

Please respect landowners, ride only on marked trails.

This trail system is a work in progress. In time we plan to expand the network throughout the Carrabassett Region.

The user of this map bears full responsibility and assumes no liability for his or her safety. Carrabassett Region NEMBA, the Town of Carrabassett Valley, and Sugarloaf Mountain are not responsible for personal injury and/or property damage while using this map.
